

Rose Cottage : A Layout

Thursday, 23 September 2010 02:34

I've been meaning to blog this for ages. It's a layout I made for my scrapbook this summer and I was just so please with how it came out. They don't usually look quite this good.

Materials:

- Paper (front and back of the same sheet) and buttons from a [Studio Calico](#) kit (June 2010 I think)
 - Ribbon and waxed twine from the stash
 - Title letters also from the stash (a Basic Gray set)
 - Journalling was written on the computer and printed on heavy weight paper.
- My layout measures 11" by 8".
